To our Valued Customers,

We at Stanford Sonoma are committed to keeping you and the community healthy. With this in mind we are continually engaged with our employees as to their safety and the continued safety of their families.

At this time we do not anticipate any manufacturing delays or any negative impact by the effect of this outbreak. We continually monitor the workplace safety of all employees within our supply chain process: interior office departments, architectural design, CAD, Site Surveys, quoting, manufacturing, logistics, and final mile.

We want you to know we are here for you. We look forward to seeing you in person in the near future.

Thank you,

Trinity Hall

Executive Vice President

Stanford Sonoma, Inc.
